CMN's medical team is very compassionate and knowledgeable in treating cancer. Each patient's treatment protocol is personalized for them. The cost of this individualized 12 day

cancer treatment includes your inpatient stay at the hospital with an extra bed for a family member or companion. Healthy meals and snacks will be provided. It also includes transportation to and from the Yuma Airport if you are flying in for treatment. If you drive and want to leave your car at the Yuma Airport for security it is approximately \$8.00 a day. Your comfort is very important to us so please ask us any questions you have so we can address your concerns.

Thank you for considering CMN Hospital
Dr. Edgar Payan, Medical Director
Centro Medico Del Noroeste Hospital & Medical Team
